

# GOOD AS GOLD

bartenbach.de

Presenting the 50 millionth glass carafe with a silicone-bonded handle!  
It's all thanks to a successful union between DURAN® borosilicate glass and the special adhesive PACTAN®. And between successful partners: the specialty glass manufacturer DURAN GROUP and Compact Technology, provider of innovative adhesive and sealant solutions. By pooling our expertise, we have been supplying the household appliance industry with premium products for many years. There's no better proof than 50 million glass carafes.
